## SUMMARY

I'm a third-year CS student passionate about Front-End Web Development and UI/UX Design. focusing on HTML, CSS, JavaScript, and React.js through hands-on projects. I enjoy building clean, responsive, and user-friendly interfaces that offer great user experiences. With a strong eye for design and a technical mindset, I'm always eager to learn, grow, and contribute to real-world digital solutions.

## Work Experience

### ICPC Contestant (Team Programmer) — August 2024

- Selected to represent the university in the prestigious International Collegiate Programming Contest (ICPC) after a competitive local qualification process.
- Played a key role in designing and implementing algorithmic solutions in C++ under intense time pressure.

### Digital Egypt Pioneers Initiative (DEPI) – Frontend Developer Trainee (React.js) — June 2025 – Present

- Selected for the national Digital Egypt Pioneers Initiative by MCIT, focused on frontend web development.
- Receiving hands-on training in React.js, HTML, CSS, and JavaScript to build responsive and scalable web applications.
- Strengthened soft skills including teamwork, time management, and problem-solving, while improving English communication through presentations and collaboration; also provided coaching to peers and started exploring freelancing opportunities in front-end development

### Winter Training – Front-End Development

Information Technology Institute (ITI), Ministry of Communications and Information Technology — Feb 2025

- Gained hands-on experience in Front-End Development, focusing on building responsive web interfaces using HTML, CSS, and JavaScript. Strengthened core skills through real-world projects and practical application.

### UI/UX Instructor | zigzag club |2024

- Led and delivered a comprehensive UI/UX design training program, equipping students with practical skills in user interface and experience design. Developed hands-on projects, provided career-focused mentorship, and helped learners build strong design foundations.

## Education

### Zagazig University

2023–2027

Bachelor's degree at faculty of computer science and informatics zagazig university

- Major: Computer Science
- Cumulative Grade: (A+)

## Skills

### Technical skills

- programing fundamentals in C++
- Object-Oriented programming
- Data structure
- Algorithm
- UI/UX & Figma
