- ❖ **Delivered**
- ❖ **Supported**
- ❖ **Developed 5+ cross-platform mobile applications using Flutter and Dart, achieving over 1,000 combined downloads.**
- ❖ **Integrated Firebase Authentication and Firestore to enable real-time data updates and secure user login.**
- ❖ **Improved app performance by 30% through code optimization and effective use of asynchronous programming.**
- ❖ **Collaborated with UI/UX designers to implement responsive, user-centered interfaces for Android and iOS.**
- ❖ **Participated in Agile sprint planning and delivered features on time with Git version control.**
- ❖ **الصفة الغلط**

- ❖ **I was responsible for making mobile apps.**
- ❖ **Worked on app UI.**
- ❖ **Helped team with code.**

### Extracurricular Activities

**President and Project Manager, VIA Club, Cairo University (2017- 2018)**

- Managing a team of 100 members.
- Creating a program of 4 phases with 7 strong multinational companies (**IBM, Cisco, Vodafone, UNODC, Deloitte, P&G, and Allianz**).
- Funding our project with **funds worth of 50,000 EGP.**
- Reaching **55+k** through our **social media** platform.

• AutoCAD

• English: Very Good

• Python

• French: Very Good

Projects

Projects

16/June/2023

#### Work Experience

Senior Recruitment Specialist, LAMAR Egypt

(Feb. 2019 - Present)

## Projects

### • kAPPot IOS Mobile Application (Graduation Project)

**Project Description:** An application that helps users in emergency cases to order a specific car spare part or to get the nearest service centers to repair their car based on user location.

**Tools:** swift 5, Firebase, Google Maps, Google places, Cocoapods.

**GitHub Link:** <https://github.com/xDeuxer/kAPPot>

### • Bikeshare System

**Project Description:** The datasets selected for three major cities in the United States – Chicago, New York City, and Washington. The system allows users to rent bicycles on a very short-term basis for a price. And our project is to produce insights based on our dataset and answer interesting questions about it by computing descriptive statistics

**Tools:** Python.

#### Projects

Table with 1 row and 1 column

October, 2019-21

## COURSES

### Problem Solving

#### Coach Academy

- Introduction to Programming in C++
- Covered fundamentals of computer science and programming using C++.

07/2021 – 09/2021

### Competitive Programming

#### Coach Academy

- Learned various sorting algorithms
- Acquired skills in searching algorithms including Binary Search.
- Gained proficiency in implementing these algorithms efficiently for competitive programming challenges.

07/2022 – 09/2022

#### Computer Skills

- MS-Office
- AutoCAD

#### Language Skills

- Arabic: Native
- English: Very Good
- French: Very Good

#### Programming Languages Skills

- C++
- Python

#### Projects

Table with 1 row and 1 column

(March 2022)

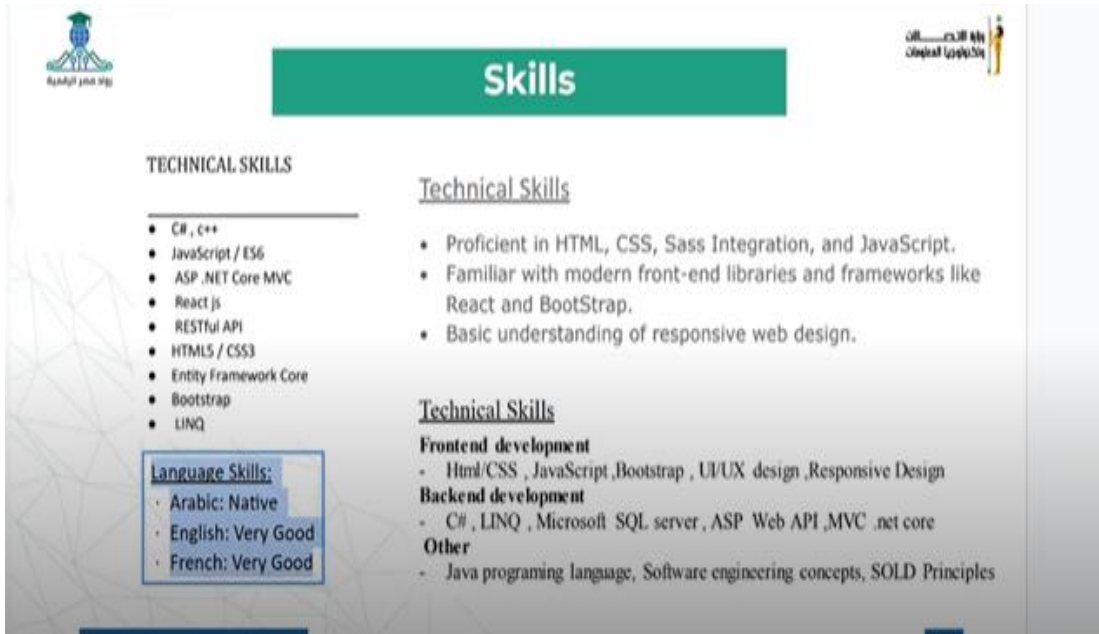

Developed a web-based system for managing carpet sales and factory resources. Built with Angular and ASP.NET MVC 5. It includes a dashboard and enhances resource management.

#### Familiar With

# Layout

- 1 - 2 pages maximum.
- Font: Times New Roman, 10-12 pts.
- Consistent layout, underlining, capitalization, bold, etc.
- Bulleted lists instead of paragraphs.
- Good margins and bullets

- Do not add a photo unless required
- State responsibilities in bullet points
- Write in reversed chronological order
- Avoid copy & paste
- Avoid using templates
- Send your resume as a PDF file

# Some notes for Interview

## 10 Tips for Preparing for an Interview

1. It's essential that you read and understand the job advert.
2. From the job description or person specification pick out the main competencies that the employer is looking for and think of examples of when and how you've demonstrated each of these.
3. Research the company/client/interviewer.
4. Prepare your self-introduction.

33

5. Familiarize yourself with how to answer questions and practice your responses with someone.
6. Prepare evidence for the competencies that you will demonstrate.
7. Prepare questions to ask at the end.
8. Be prepared with an open mind.
9. Use appropriate body language and tone.
10. Visualize success.

## Job Interviews

### Sample Competency-based Interview Questions

1. Introduce yourself.
2. Why do you want to work as a ..... (job profile)?
3. Why do you want to work for XYZ? <sup>١</sup>
4. What has been your biggest achievement so far?
5. What are your career goals?

35

### Sample Competency-based Interview Questions

6. Give an example of a team project that you achieved successfully.
7. Give me an example of a challenge you faced in the workplace and tell me how you overcame it.
8. Give an example of how you handled a difficult client successfully.
9. Give an example of a situation where you solved a problem in a creative way.
10. What would you do if ...

# ATS

An applicant tracking system (ATS) is software for recruiters and employers to track candidates throughout the recruiting and hiring process.

It automatically scans and sorts job applications based on specific criteria such as keywords, skills, and experience.
